This work has been created as a joint effort by students of the graduation studio 'Gran Torino'. This studio has been supervised by prof. dipl.-ing. Christian Rapp and dipl.-ing. Haïke Apelt from Eindhoven University of Technology and prof. dr. arch. Silvia Malcovati and dr. arch. Giulia Perona from Politecnico di Torino. This exhibition is the final result of the joint research on the city of Turin and is a collection of the individual project each student developed during the second semester at the TU Eindhoven.
