Living Labs

- The European Network of Living Labs (ENoLL) is the **international, non-profit, independent association of benchmarked Living Labs.**
- ENoLL facilitates knowledge exchange, joint actions and project partnerships between its **historically labelled +480 members in Europe and worldwide.**
- Its aim is to **promote** the Living Labs concept in order to **influence EU policies, enhance Living Labs and enable their implementation at a global level.**

▶ About OpenLivingLab Days (OLLD) Event

European
Network of
Living Labs

OpenLivingLab Days (OLLD) is the annual gathering of the global Living Lab community. A space for **companies, public officials, researchers, non-profits and entrepreneurs** to connect and work together with Living Labs:

- to create new products and services;
- to set the basis for debate and exploration of theories;
- and to see policies from the practical lens of open and citizen-driven innovation.

For more than 9 years, through interactive panel discussions, hands-on workshops with leading experts and site visits to our local partners, OLLD offers the premier networking and knowledge-sharing experience of the living lab and innovation community.

Organiser

European
Network of
Living Labs

- OLLD Turin 2022 is a 3 day event co-organised by the **European Network of Living Lab (ENoLL)** and the City of Turin with **CTE NEXT**, The House of Emerging Technologies and **Torino City Lab**, the city's innovation lab, member of ENoLL since 2018, with the support of the **Ministry of Economic Development**.
- As co-organizers, we will conduct **two sessions** with related workshops during the event and we can decide to build participations in more thematic workshops.

SESSION 1

A plenary dedicated to the **House of Emerging Technologies**, in order to promote the comparison and synergy between the 6 Italian realities with a connected series of specific workshops dedicated to emerging technologies and the role of territorial ecosystems.

SESSION 2

A plenary dedicated to the **Social Innovation projects** of the City of Turin with a related workshop on the development of the social innovation policy and ecosystem in Turin.

▶ How can you participate to OLLD Turin 2022?

European
Network of
Living Labs

You can propose a speaker and if you send to the City of Torino your expression of interest we will try to include you in our two panels or other sessions with related workshops.

Closing Date: April 20

If you are a researcher, a practitioner or a member of a public authority you can respond to the two open calls, the **CALL4PAPERS** and the **CALL4WORKSHOPS** (see next slide), bringing your study, your research or your proposal for an **interactive workshop**.

If you are willing to exploit this initiative to **showcase your project/solution/idea connected to urban innovation** and linked to one or more Enoll Days Track, you can ask for a **booth of 9 sqm and be part of the «Networking&Expo» part of the event. More info on selection, organization and cost will be available soon.**

If you want, you can send your preliminary expression of interest to the City of Torino.

If you are a private company, you share the vision of 2022 Enoll Days and you want to participate to the event somehow (as a Speaker, as a workshop proposer or within the «Networking&Expo») **please again send your expression of interest to the City of Torino. Modalities to join as «sponsors» will be communicated soon!**
